Lesson 2: Submit a W-2 Wage File, W-2c Wage File, a Resubmission File, or a Reconciliation File

STEP 1: Under the tab **Upload Formatted Wage File** on the EWR home page, select the **Submit/Resubmit a Formatted Wage File** link, the system displays the “Before You Start” page.

The screenshot shows the 'Before You Start' page for uploading a formatted wage file. The page header includes 'Social Security Online' and 'Electronic Wage Reporting (EWR)' with navigation links like 'EWR Home', 'E-mail a Wage Reporting Expert', 'Keyboard Navigation', and 'Logout'. The main heading is 'Upload Formatted Wage File'. Below this, the user's name is listed as 'MAC REQUEST'. A progress bar shows four steps: '1. Before You Start' (active), '2. What's in the File?', '3. Submit Your File', and '4. Confirmation'. The page contains instructions for file formatting, including a link to download 'AccuWage' and 'AccuW2C' software. It also provides information about file compression (zip) and record limits. At the bottom, there are two buttons: 'Quit without sending' and 'Continue'. A footer note provides a contact number for questions.

Before You Start

Name: MAC REQUEST

Steps: 1. Before You Start 2. What's in the File? 3. Submit Your File 4. Confirmation

You should already have a file in EFW2 format generated by your payroll system. Before sending it, we recommend that you take the following steps to ensure that the file is error-free and can be sent quickly.

1. Review your file(s) for correct formatting.
We provide AccuWage and AccuW2C error-checking software for both W-2 and W-2c wage report formats. Reviewing your file with one of these software programs can prevent it from being rejected and returned.
[What do these programs check?](#)
[Which errors are most critical to fix?](#)
[Download AccuWage](#) [Download AccuW2C](#)

2. Zip Your File
If you have over 500 W-2s or a slow connection, the transmission will be faster if the file is zipped (compressed).
WinZip and PKZip are examples of acceptable compression packages.
Do not put more than one wage file (EFW2 format) into a zip file because a unique identifier will be assigned to each one.

Do not repeat the employer record for each W-2/W-2c. If your organization files on behalf of multiple employers, include no more than 1 million RW records or 50,000 RE records per submission. If your organization files on behalf of multiple employers, include no more than 500,000 RCW records or 25,000 RCE records per submission. Following these guidelines will help to ensure that your wage data is processed in a timely manner.
